100% Lightfast Oil-based Coloured Pencils

Derwent's first oil-based coloured pencil, 100% lightfast and with a smooth texture that is a real joy to work with.

The revolutionary core is resistant to prolonged colour change, ensuring artwork will not fade for up to 100 years under museum conditions. Derwent Lightfast pencils are oil-based, smooth and creamy with a beautiful laydown of rich colour. What's more, they can even be used with a medium giving a painterly effect when dissolved.

- ▶ 100% Lightfast
- ▶ Oil-based, complying with ASTM D-6901 and Blue Wool Scale ISO 105
- ▶ Compatible with oil mediums
- ▶ Strong point for detailed drawing
- ▶ Available in 36 vivid and opaque colours
